

# U.S.E. Alumni newsletter June 2018

## Looking back: Alumni Event

On the 12<sup>th</sup> of April, the yearly Alumni Event organised in cooperation with ECU'92 took place. This year's theme was "Back to School". Prof. dr. Wolter Hassink, head of U.S.E., opened the event by looking back at several special occasions in the history of U.S.E.. In order to make sure that alumni felt like students again, Sergei Hoxha and Prof. dr. Erik Stam gave lectures about (respectively) the labour market and entrepreneurship, these were followed by networking drinks. It was a successful event, especially the nostalgic feeling of being back at the campus and catching up with former classmates and professors was appreciated.

## In touch with students?

This year, we organised several events that brought students into contact with alumni. These events were evaluated positively by both students and alumni, so we want to organise such events again next year. Are you interested in helping out on one of these events, for example by telling students what working life looks like, what you like about your job, how you found this job and/or what it's like for an international graduate to work in the Netherlands? Please send an email to [alumni.use@uu.nl](mailto:alumni.use@uu.nl)

## Share your LinkedIn and help future master students

Currently we are improving our Master's website and we would like to involve you being our alumni. Since many (future) master students don't know where they will end up, we would like to include some LinkedIn profiles on the website as examples, as can be seen on [this page](#). This enables (future) students to think of employment possibilities and maybe allows them to find their future employer. We would highly appreciate your help in this. Please let us know if you are interested by sending an email to [alumni.use@uu.nl](mailto:alumni.use@uu.nl).

## U.S.E. vacancy page

As you may have experienced yourself, an internship is a great opportunity to prepare yourself for the labour market. U.S.E. seeks to help students in finding these opportunities and so we decided to set up our own [vacancy page](#). On this page, companies and organisations can upload details about their internship vacancies, but also about their starter positions or interesting side jobs.

Do you have suitable vacancies for economics students? Please don't hesitate to publish them on this vacancy page!

## News from ECU'92

### Benefactorship

Since 2018 there is a new benefactorship model for ECU'92 alumni. ECU'92 benefactors can choose from different packages (€10, €25 or €60), granting different benefits such as an annual ECU'92 gift, VIP access to the Conference or even a free dinner with the current Board! You can apply to become a benefactor of ECU'92 at [www.ecu92.nl/alumni](http://www.ecu92.nl/alumni)

### London Business Experience 2018

From the 25th until the 28th of November 2018, ECU'92 will visit London with 26 master students. They are currently in the process of acquisition. There is still some room in the program for one or two more visits, so if you are working for a company in London that could be interesting for economics students or if you have any valuable contacts in London, please send an email to [lbe@ecu92.nl](mailto:lbe@ecu92.nl).
