1. Information on the programme
Following the 2007 and 2009 agreement between the China Scholarship Council (CSC) and Utrecht University (UU) yearly a number of excellent Chinese candidates can come to Utrecht University to pursue a full PhD on a 4-year CSC scholarship of € 1200 per month. In general a PhD at Utrecht University takes 4 years. All qualified candidates in all disciplines with a Chinese nationality are eligible for the CSC-UU PhD programme. Do note this also includes Chinese overseas students for example now studying in the Netherlands. Students from the Utrecht University Partners (UUP)* in China have a priority, but the programme is also open to eligible students from other universities or institutions. Applications in the four Utrecht University Strategic Themes (Life Sciences, Sustainability, Institutions and Youth & Identity) and the eleven Utrecht University Research Focus Areas also have a priority, see: http://www.uu.nl/university/research/EN/Focusgebieden/Pages/default.aspx

This document contains information on the programme procedure. Attached to this document is an application format which should be used by the applicant to contact Utrecht University or by a prospective Utrecht University supervisor to contact a possible candidate. This application format will be a useful tool to prepare for the CSC application. The application format is not the official CSC application form but will help the candidate and prospective Utrecht University supervisor to exchange necessary information before the candidate applies to CSC. CSC published the scholarship guidelines (Chinese version) for 2016 on their website: general scheme introduction: http://en.csc.edu.cn/Default.aspx You can find this CSC-UU PhD programme 2016 information form on the Utrecht University website at: www.uu.nl/university/research/EN/international_collaboration/asia/.

*Utrecht University Partners in Mainland China
Fudan University, Nanjing University, Peking University, Tsinghua University, Wuhan University, Xiamen University and Zhejiang University

According to CSC regulations students from the Utrecht University Partners in Hong Kong are not eligible to apply.

The selection of the CSC-UU PhD programme 2016 candidates is a multi-stage process resulting in a letter of acceptance by the prospective UU supervisor and eventually a scholarship by CSC. The letter of acceptance is required for the candidate to apply to CSC. If CSC also approves of the candidate (thus awarding him or her a 4-year scholarship), the student can enter the CSC-UU PhD programme 2016 in Utrecht.

CSC application deadline 2016: 20 March – 5 April

Because it may take several weeks for Utrecht University to process an application you are advised to start your application and if necessary take an English language proficiency test as soon as possible.
## 2. Programme procedure and regulations

<td>If the prospective UU supervisor approves of the application you must send him or her:</td>
</tr>
<tr>
<td></td>
<td>- A copy of your Master's degree or proof of participation in a combined Masters–PhD programme;</td>
</tr>
<tr>
<td></td>
<td>- Electronic copy (scan) of a signed letter of recommendation and approval of the suggested research in Utrecht by your home university (in China) supervisor or faculty dean.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th></th>
<th>Working on the research proposal</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>The following step is the research proposal. Together with the prospective UU PhD</td>
</tr>
</tbody>
</table>
supervisor you should jointly finalize your PhD research proposal (the research to be done in Utrecht when granted the scholarship).

8 **The research proposal is definite**

When the applicant and prospective UU supervisor agree on the application the prospective UU supervisor should arrange:

- Approval of his or her research director or head of department (each faculty has its own procedure);
- Arrange for the department, faculty or graduate school to waive the tuition-, bench-, or research fee;
- A standard letter of acceptance signed by the prospective UU supervisor and co-signed by the UU research director or head of the department.

The format of this standard letter of acceptance can be found at: [http://www.uu.nl/en/collaborate/asia](http://www.uu.nl/en/collaborate/asia) under the heading ‘China Scholarship Council – Utrecht University (CSC-UU) PhD-Programme’

This letter should be printed on faculty/department/institute letterhead.

9 **Letter of acceptance**

The UU prospective supervisor will send the letter of acceptance to the applicant in hard copy and (as scan) via email. The UU prospective supervisor will also send this letter to the respective UU faculty dean and to the UU Academic Affairs Office, c/o Ms. Eveline Weenink at e.h.weenink@uu.nl to inform them that a CSC PhD scholarship will be applied for.

The prospective supervisor will also inform Ms. Weenink on the name and contact details of the UU faculty/department/institute/graduate school contact person who will be responsible for the practical arrangements of the travel and visit of the CSC-UU PhD Programme candidate when he or she is selected (see application format under 2).

10 **Submitting your application to CSC**

The applicant (not the UU prospective supervisor) will have to apply to CSC. Submit your complete application to CSC no later than 5 April 2016. See the website [www.csc.edu.cn](http://www.csc.edu.cn) (Chinese) / [http://en.csc.edu.cn/](http://en.csc.edu.cn/) for the CSC requirements.

NB: without the abovementioned signed acceptance letter from the prospective Utrecht University supervisor CSC will not consider the application. This letter is the only document needed from Utrecht University to apply to CSC.

11 **CSC selection**

In May/June 2016 CSC will select and notify the candidates to be awarded the scholarships to do research at Utrecht University within the 2016 CSC-UU PhD programme. Do note that Utrecht University accepts only candidates who have been nominated by a UU supervisor and are selected by CSC (through the award of a 4-year scholarship).

11 **Practical arrangements of the stay in Utrecht**

All practical issues (such as visa, travel, accommodation, hospitality agreement, work space, research infrastructure, library card and a research budget to participate in conferences and such) relating to the stay of the selected CSC-UU PhD candidate are the responsibility of the PhD candidate, the UU supervisor and the UU faculty/department/institute/graduate school contact person (see application format under 2).

12 **For information** about the CSC-UU PhD programme you can contact:

Ms. Eveline Weenink
Utrecht University Academic Affairs Office
T. +31-(0)30 253 3095
E. e.h.weenink@uu.nl
3. Information on doing a (CSC-UU) PhD at Utrecht University

a. Two types of PhD’s
At Utrecht University there are two ways to do a PhD. One is to be employed by the university as a junior researcher (assistent in opleiding). These (paid) positions are obtained by the very best PhD candidates. For PhD vacancies see www.uu.nl/vacancies. The other way is to enrol in a PhD programme with your own funding such as a fellowship or grant like the CSC scholarship, provided you have proof of acceptance through the acceptance letter from Utrecht University. For more information about Utrecht University Graduate Schools see www.uu.nl/university/education/en/graduateschools/ and the UU PhD programmes see www.uu.nl/phd.

b. Living expenses
Compared to China living expenses in The Netherlands are high. It is difficult to predict how much money you will need as this very much depends on your spending habits and your lifestyle. Total expenses can be broadly estimated at at least € 12.000 per year. Especially housing is expensive. Information on prices and availability of accommodation in and near Utrecht can be found at http://www.uu.nl/en/organisation/international-staff-and-guests/housing.

c. Insurances
Make sure you have adequate insurance coverage, including health insurance (which is obliged), liability, fire and theft insurance. Useful information on these issues is available on the website of the Netherlands Education Support Office China: www.nesochina.org/ or on the UU website www.uu.nl/phd.

d. Tuition-, bench- or research fee
The Utrecht University Graduate School will not charge the selected CSC PhD candidate a tuition-, bench-, or research fee for the entire PhD. This means that the UU faculty, department or institute will fund and provide the supervision and infrastructure required for the research of the CSC PhD candidate.

e. Formal Doctoral Degree Regulations
The UU Doctoral Degree Regulations apply to the entire PhD programme. The Regulations are published on: http://www.uu.nl/en/organisation/phd-programmes/practical-matters/regulations-and-forms
When the CSC PhD candidate successfully completes the PhD programme, he or she will receive the doctoral degree from Utrecht University.

f. What to expect from CSC?
In May/June 2016 CSC will select the candidates and inform them and Utrecht University through an award letter stating the funding and duration of the scholarship. CSC will award a 4-year scholarship to each selected candidate covering the cost of a return airfare to the Netherlands by the most economical route, a visa application fee and a living allowance (including overseas student-health cover). This allowance of € 1200 per month will be paid directly to the student via the Education Section of the Embassy of the People’s Republic of China in The Netherlands.

g. Duration of the full procedure
Mind that the full procedure might take at least 9 months from the first application at Utrecht University to getting awarded by CSC, arranging a visa and suitable housing, until arrival in The Netherlands.
Basic information

- To be filled in by the prospective UU supervisor -

1. Information on prospective Utrecht University supervisor and mentor

1a. Supervisor:
- Title(s), initial(s), first name, surname: Prof.
- Research group:
- Address for correspondence:

- Telephone:
- Fax:
- E-mail:

1b. Mentor (if applicable):
- Title(s), initial(s), first name, surname:
- Research group:
- Address for correspondence:

- Telephone:
- Fax:
- E-mail:

2. Information on Utrecht University Faculty/Department/Institute/Graduate School contact person. When the application is granted by both CSC and UU the contact person is responsible for the practical arrangements (i.e. assistance in obtaining a visa, finding accommodation, etc.) of the visit of the PhD candidate:

- Title(s), initial(s), first name, surname:
- Address for correspondence:

- Telephone:
- Fax:
- E-mail:

- To be filled in by the applicant -

1. Information on the applicant

- Title(s), initial(s), first name, surname:
- Male/female:
- Work address:

- Telephone:
- Mobile telephone:
- Fax:
2. Details of applicant’s home university

*Note! A separate letter of recommendation by the supervisor or faculty dean of the home university is required.*

- Name of home university:
- Address:

3. Applicant’s home university supervisor:

- Title(s), initial(s), first name, surname: Prof.
- Address for correspondence:

- Telephone:
- Fax:
- E-mail:

4. Research field

5. Title of research plan for CSC-UU PhD Programme

6. Short Summary of research plan (max. 50 words)

7. Motivation for CSC-UU PhD application (max. 100 words)

Applicant’s Curriculum Vitae

8. Personal details

Applicant
- Title(s), initial(s), first name:
- Surname:
- Nationality:
- Date of birth:
- Country and place of birth:

9. Bachelor’s degree (if applicable)
University/College of Higher Education:
Faculty/discipline:
City and country:
Date:
Grade average:

10. Master’s degree (if applicable)
Note: Add a copy of your Master’s degree to your application
University:
Faculty/discipline:
City and country:
Date:
Grade average:
Title Master’s thesis (if applicable):
Grade for thesis:

11a. Combined MA-PhD Programme (if applicable)
Note: a separate letter of your home university stating your participation in this programme for at least one year is required.
University:
Faculty/discipline:
Start date:
Title of current MA-PhD research at home University:
Grade average:

11b. PhD (if applicable)
University:
Faculty/discipline:
Start date:
Title of current PhD research at home University:

12. Current work experience (if applicable)
Give your current function, period, fulltime or part time.

13. Previous relevant work experience (if applicable)
Give per appointment: function, period, fulltime or part time.

14. International activities (if applicable)
List activities such as study visits abroad, international cooperation, etc.
15. Other academic activities (if applicable)
Include, for example, membership of boards, posts on committees or involvement in (the organisation of) conferences.

16. Research scholarships and prizes (if applicable)
This is the place to list any scholarships or prizes you have won.

17. Gaps (if applicable)
If your CV contains large gaps (in time) that you would like to explain, please do so here. Any period of prolonged leave, for example in connection with pregnancy or parental responsibilities, can also be mentioned here.

Publications

18. List of publications (if applicable)
Please mention manuscripts which have been submitted or accepted for publication or which have already been published. Give the author(s), date, title of the publication, journal or series, volume, pages, and (if applicable) publisher and place.

Research

19. Brief description of research plan (max. 1000 words)
(max. 1000 words excluding literature references), including 20 a, b and c.

20a. Introduction and research question(s)
- What do you want to investigate and why?

20b. Method/Approach
- How do you propose to carry out the research project?

20c. Relevance for science, technology or society
- What will be the relevance?

21. Time schedule
- Specify the duration and preferred schedule of your research at Utrecht University.

Applications

22. Applications
- I have not applied for any other fellowship, grant or position in 2015 or 2016
- I have applied for another fellowship, grant or position in 2015 or 2016
  Add specifics of this application and mention whether this application may interfere with your 2016 CSC-UU PhD Programme application:
Statement

23. Statement

I hereby declare that the present form has been completed truthfully

Place:

Date:

Name and signature of applicant:

Do note that this filled in application format should be sent by the applicant to the secretary of the Utrecht University Graduate School of your discipline:
