### Step 1: Studielink

1.1. Go to [www.studielink.nl](http://www.studielink.nl)

1.2. If you have a Dutch address click on *Log in with DigiD*. It takes about 5 working days before you receive your DigiD.

If you only have a non-Dutch address, you will need to select *Create Studielink account without DigiD*. You will have to fill in most of your personal details yourself.

1.2 Enter your personal details: *first name, email address, phone number and language preference*.

 We will use your email address for sending you important notifications about your application.

If you have Dutch qualifications (or are registered at a Dutch address) Studielink will automatically connect with the BRP (*Basisregistratie Personen*) and DUO (*Dienst Uitvoering Onderwijs*) to load all your other personal details,

1.3. Add your previous education if there is information missing.

*After activating your account, you can submit an enrolment application.*

2.3 Click *Confirm* once you have checked your details.

In most cases you will receive login details for *OSIRIS Online Application*. In *OSIRIS* you will find an overview of the steps you need to take to complete your application.

See [www.uu.nl/masters](http://www.uu.nl/masters) or [www.uu.nl/internationalmasters](http://www.uu.nl/internationalmasters) and select the programme you wish to apply for, for further information.
