

CAS (PhD) course

data collection

in developmental samples

What?

The goal of this course is to prepare you for your longitudinal data collection among youth (e.g., participant communication, registration systems, data anticipation)

When?

Five Tuesdays in the fall of 2024 from 9.30-13.00
(Date 15/10, 29/10, 12/11, 26/11, and 10/12)

Where?

On location at Utrecht Science Park (UU)

For whom?

Mainly directed towards PhD candidates at CAS, but it is also open to other (junior) researchers (e.g., ReMa students, postdocs) from within or outside Utrecht University

Questions?

You can contact Amanda van Loon
(a.w.g.vanloon@uu.nl)
