

CLINICAL PSYCHOLOGY

DISCLAIMER

This document was carefully created based on curricula in study year 2022-2023, as published on the website of the university in question. Possible changes to a programme in 2023-2024 are not processed. No rights can be derived from this document. The final decision on your eligibility always lies with the Admissions Committee.

Please note:

- All required courses within the specific Bachelor's degree in Psychology should also be passed in order to meet the entry requirements.
- If more than one course is listed for one specific entry requirement: all listed courses are required to fully meet our entry requirements.
- If two courses are listed including a slash / than only one of the courses is required (as the courses are equal in content).
- If you have not taken the standard curriculum (or an older curriculum) the Admissions Committee will determine your eligibility.
- This document is only meant to inform students on the required courses to meet our academic entry requirements. Please see our website for more information on the selection procedure.
