Universiteit Utrecht

U.S.E. - Curriculum Vitae

Guidelines for applicants to Business, Economics, and Finance Master's programmes

Please upload a CV in your own format, including information that will support your application for this Master's programme, such as:

- Relevant academic / educational experience
- Relevant (research) projects, thesis work, or publications
- Relevant work experience*, internships, part-time jobs, voluntary work, etc
- Activities for student organisations, committees, or associations
- Relevant skills and competencies**
- Academic or extracurricular achievements (e.g. awards, competitions, entrepreneurship, etc.)

*Applicants with professional experience are encouraged to describe relevant projects, responsibilities, and any managerial, analytical, or leadership experience. Please note that extensive professional experience is not required for admission.

**You may also include experience that demonstrates skills relevant to your intended field of study, such as analytical, quantitative, organizational, communication, leadership, or programming skills. Where applicable, you may mention experience with software or tools used for data analysis, statistics, finance, or programming (e.g. Excel, R, Python, Stata, SPSS, SQL, Power BI, or similar tools).

State facts and, where relevant, briefly describe your role or contribution.

Try to keep your CV around 1–2 pages and structured.

Please upload your file as a pdf document
