### General Motivation

Why have you chosen to apply for this Master's programme at Utrecht University?

### Qualifications

To what extent does your educational background align with this programme? For example, which relevant courses did you take that connect to the field of the Master's programme (please focus only on the most relevant courses)? Please mention bachelor projects, internships, thesis topics, work experience, and other relevant experiences, too.

### EU Law

It is not always clear from course titles whether you have studied EU law. As this is important for this Master's programme, please describe your specific experience in this field. Which legal principles and concepts have you studied, and what knowledge have you gained from them?

### Micro-economics

It is not always clear from course titles whether you have studied microeconomics. Since a basic knowledge of microeconomics is important for this Master's programme, please describe your experience with this subject. What theories or concepts have you studied, and what knowledge have you gained from them?

### Specific Interests

Which subject areas within the field of this programme do you currently find most interesting, and why?

### Reflection

Please reflect on your academic achievements, highlighting your role in specific projects or courses that relate to the themes of the Master's programmes. In particular, elaborate on any study-related challenges (for example, study delay) or achievements (such as relevant extracurricular activities or personal growth) and explain how you have addressed them. What did you learn from these experiences, and how do you view your personality and professional growth in this context?

## Future Career Ambitions

How does this Master's programme correspond with your career or research ambitions?
