ONLINE COURSE

What to expect if you start a science based company

This is a four-week, free, online, evening course for researchers in Utrecht to get a sneak peek into the entrepreneurial world. Explore how you can make an impact with your research by starting a company.

This course is offered to you by UtrechtInc, the startup incubator of UU, HU and UMC U.

WHO CAN PARTICIPATE

- You don't need to have a startup idea to join. It's enough if you are curious about starting a company. We do ask you to keep a research project in mind to use as a thought experiment for the exercises.
- You are employed by a Utrecht Knowledge institute, like: Utrecht University, UMCU Utrecht, Wilhelmina Kinderziekenhuis, Prinses Máxima Centrum, Hubrecht Institute or Hogeschool Utrecht

4th of Oct., [register here](#)
