

Publishing open access articles at Utrecht University

I want to publish my article open access.

Before submitting: have you considered uploading the article to a preprint server?

Check your funder requirements (e.g., NWO, EC, ERC) before you submit!

Check the open access options per journal in the **UU Journal Browser**

The journal has no option to publish open access

You will need to pay an Article Processing Charge (APC)

You will not have to pay an Article Processing Charge (APC)

Is the journal hybrid or full open access?

Full open access journals are marked with this logo in the UU Journal Browser.

Hybrid

Full OA

Do you have all costs covered?

Do you have all costs covered?

No

APC costs for hybrid journals are not covered by grants or the UU Open Access Fund. Full costs will have to be covered by your departmental budget.

Check your research grant or the UU Open Access Fund for (partial) coverage of APC costs.

Do you want to publish in another journal?

Yes

No

Before submission

After acceptance

Register your publication in PURE! Sign the Taverne license agreement to share the published version of your paper open access. You can also choose to upload your (Author) Accepted Manuscript to the Utrecht University Repository.

When you register your article with the publisher, make sure to use your UU or UMCU email address!

Sign the publisher's license agreement, preferably choosing the least restrictive open license (CC-BY)

Upon publication

Green open access

Gold open access

Share an open access copy of your article in a repository

Your article is published open access on the journal website

Don't forget: send your invoice to the Open Access Fund (if you meet the requirements).
