## Individual Work

### Individual Work 2017-2018

'Individual work' are courses you do mostly on your own. For example doing research or writing a thesis. Most individual work is on master level and is only possible if there is a supervisor available. Therefore we recommend to select the individual work only if you cannot find other suitable courses.

## Minors

The Faculty of Social and Behavioural Sciences offers different '**Minors**'. A Minor consist of a coherent package of at least four subjects dealing with a specific topic. This can be a perfect option if you find it difficult to choose loose courses. Some Minors are spread out over the whole year, but others can be followed in one semester. Please note that some Minors can require to write an extra motivation letter to get enrolled.
