Subject Reaction to final report of research assessment ICON & NOG

LS,

We have recently received the final report from the Assessment Committee ICON and Netherlands Research School Gender Studies (NOG). We have accepted the report and the researchers involved have been informed. The report will be posted on our website. In the coming months, we will discuss the follow-up of the recommendations in more detail.

We greatly appreciate the committee's thoroughness in fulfilling this assignment which has resulted in a careful analysis of our research programmes. The report includes valuable recommendations for further strengthening the research institute's strategy towards societal relevance. Furthermore, we are grateful for the committee's recognition of our researchers' potential to foster further cooperation within university's interdisciplinary research agenda.

The conclusions and recommendations of the panel will be of great value for our research groups and our faculty. We wish to take this opportunity to thank the committee for their work.

Yours sincerely,

Keimpe Algra

Dean of the Faculty of Humanities
