Collection LBMUZ: Musicology

Collection

The collection of books on music (approximately 25,000 volumes) comprises publications on western music and musicology from 1900 to the present. It includes publications on the history of music, music genres and the study of instruments (especially organs and bells) and literature in systematic musicology and its branches: the aesthetics, sociology and psychology of music. There is also a collection of ethnomusicology, with materials that are of importance to western musicology. There are also a substantial number of books on musicology from before 1900.
